FROM OUR LEADERS

Dear Friends of Magnified Giving,

We are so grateful to you for enabling us to educate 4,829 youth in philanthropy this year, especially because of the way we've watched service, giving, and grant-making be used as tools for hope and healing. This year, our young philanthropists chose to grant an increasing amount of funding to nonprofits* that address mental health concerns, which shows us that youth are eager to address this pervasive issue.

**Youth in our program granted \$41,963 to organizations with missions related to mental health this year, up from \$20,488 last year.*

This year, we heard story after story from youth and adults alike describing the way that giving to others has been therapeutic to them, and we share some of those stories on page 5. Additionally, many youth find special purpose in raising additional funds for social causes they care about, and we're excited to share inspiring examples of rockstar fundraising efforts on page 7.

You make all of this - and everything you'll see in this Annual Impact Report - possible through your support and partnership. Thank you for helping us to secure the future of philanthropy and fill it with both hope and healing.

In Gratitude,

Kelly Collison

Kelly Collison
Executive Director

Roger F. Grein

Roger Grein
Founder & President

Our Mission

Our mission is to educate, inspire, and engage youth in philanthropy, and to touch the hearts and minds of teens, lighten the concerns of others, and magnify the impact of philanthropy.

Our Approach

YOUTH PHILANTHROPY PROGRAM

Youth groups of 6th-12th graders who explore philanthropy, service, social causes, and community nonprofits, ultimately granting \$1,000 or more to a local nonprofit.

CAMP GIVE

Fun, energetic summer service-learning camps for 5th-9th graders to engage in meaningful hands-on service projects and learn how they can make a difference.

SERVICE-LEARNING RESOURCES FOR THE COMMUNITY

We provide training and resources to infuse our region with youth engagement in service-learning and encourage spaces for meaningful reflection and conversations about service.

QUICK FACTS

This year, we educated

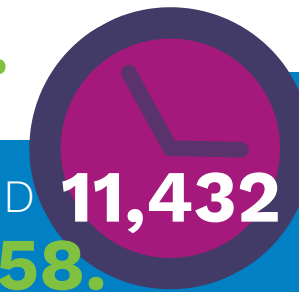

4,829 youth

in **122 programs** in philanthropy.

WE EMPOWERED 4,829 YOUNG PHILANTHROPISTS to support **131 nonprofits** with **177 grants** totaling **\$195,765.**

THEY COMPLETED **11,432** volunteer hours and **fundraised \$27,558.**

Last Year,
WE EDUCATED
2,654 youth
IN **92 programs**
WHO SUPPORTED

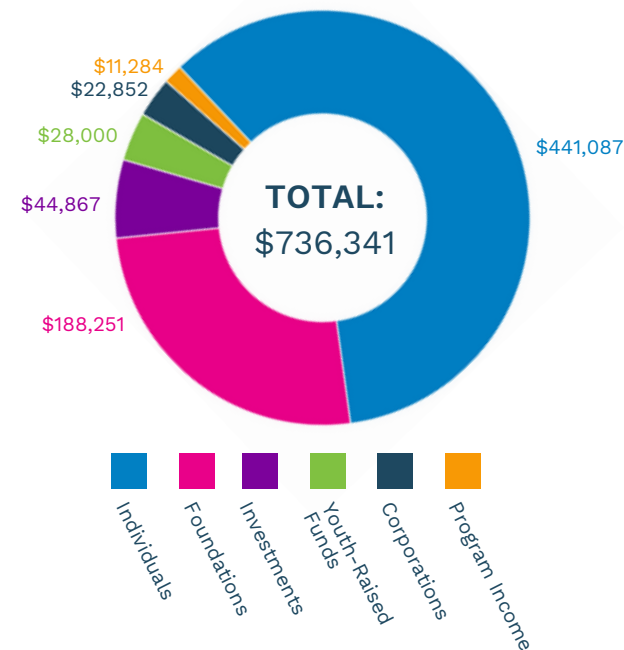

99 nonprofits
WITH **140 grants**

TOTALING
\$150,242

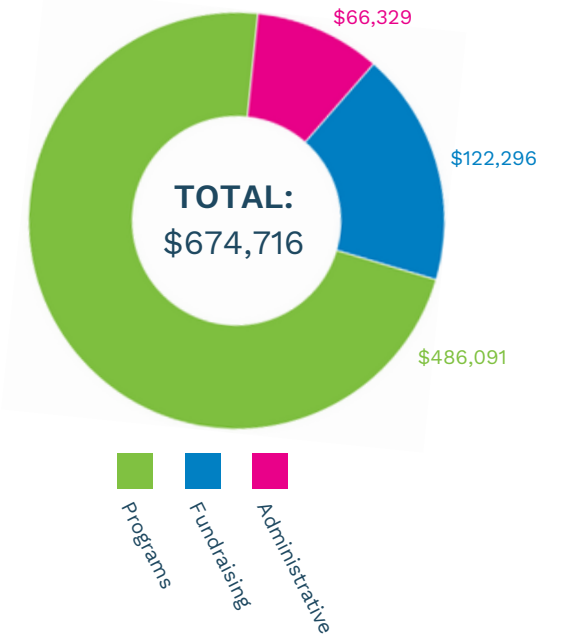

This Year:
81% increase in youth educated
30% increase in total granted
compared to last year.

HIGHLIGHTS

Magnified Giving Launches Fresh New Website

In June, it was out with the old and in with the new for the Magnified Giving website! Our new website makes it easier for visitors to learn about our three programs and identify ways to get involved in our mission. Check it out for yourself at www.magnifiedgiving.org

Our Founder Receives Jefferson Award for Outstanding Public Service

As a result of his lifelong commitment to philanthropy and his passion for nurturing the next generation of servant-hearted community members, our founder Mr. Roger Grein was awarded the 2022 Jefferson Award for Outstanding Public Service. This award, presented by the Rotary Club of Cincinnati, was given during a special ceremony in March. Congratulations, Roger!

Honoring Roger Grein's Legacy with a Brand New Scholarship

For the first time ever, Magnified Giving presented the Roger Grein Legacy Scholarship, a \$2,500 scholarship to celebrate a Magnified Giving alumni who demonstrates a generous spirit and an active life of service, just like our founder, Roger Grein. The first Roger Grein Legacy Scholarship was awarded to Perry High School graduate Alyssa Vis, now a student at John Carroll University.

Alyssa packs bags of food at Freestore Foodbank during Perry Service Learning's service trip to Cincinnati, which Alyssa helped coordinate.

Youth Present Grants at First In-Person Giving Ceremonies Since Before Pandemic

Zoom Giving Ceremonies have many benefits, including increased accessibility and greater intimacy for sharing personal stories. But sometimes, it's just good to gather together! That's why we were thrilled to bring together youth, teachers, nonprofit reps, and donors for our first in-person grant presentations since before the pandemic. These ceremonies are always memorable - we hope you join us for one this coming spring!

Students from Lebanon High School stand with their teacher, Ms. Libby Turpin, and reps of John McLean Advisory Council after presenting their grant at a Giving Ceremony.

PARTICIPANT SURVEY RESULTS

This year, we invited participants of our 122 Youth Philanthropy Programs to complete a survey about their experience.

We've included highlights of the results here, but we invite you to view the full survey results at www.magnifiedgiving.org/updates/survey-results-22.

78% of participants agreed or strongly agreed with the statement

"Participating in Magnified Giving made me feel empowered to make a positive impact in the lives of others."

60% of participants agreed or strongly agreed with the statement

"Now that I have completed the Magnified Giving program, I plan to volunteer in my community."

82% of participants agreed or strongly agreed with the statement

"Because of my experience in Magnified Giving, I am more aware of the needs in my community."

85% of participants agreed or strongly agreed with the statement

"After researching social causes and nonprofit organizations, I have an increased sense of empathy for individuals facing challenges related to the social cause(s)."

67% of participants agreed or strongly agreed with the statement

"After participating in Magnified Giving, I have gained a better understanding of how to use my voice to appropriately express my feelings and opinions."

IMPACT STORIES - HEALING THROUGH GIVING

During our Giving Ceremonies, we heard from a devastating number of youth who have experienced the loss a classmate as a result of suicide, are close to someone who experiences addiction, or are actively dealing with their own mental health disorders, often worsened by the pandemic. These experiences bring the topics of mental illness, healthcare, and grief into sharp and personal relief.

Yet, as we look and listen carefully, there is hope. Together, we are empowering youth to do something productive and meaningful with these difficult experiences. Read the words on the next page shared by youth at our Giving Ceremonies, and see how their involvement in Magnified Giving showed them how to find and support nonprofits that address concerns they feel deeply. See how youth heal through giving. Thank you for helping us give children and teens a platform to speak up about their concerns, use their voices to advocate for causes they care about, and take action.

Turpin Students Set Off a Ripple Effect with Gift to Local Foundation Honoring a Classmate's Legacy

Youth involved in the Philanthropy Club at Turpin High School are a dedicated crew - they meet before school, giving up precious sleep time to serve others with their time, talent, and treasure! This year, their dedication had a special payoff, when they were able to honor the legacy of a lost classmate through their gift and make a difference close to home. After visiting with three different nonprofits, the Philanthropy Club selected the Ben Kimble Foundation as the recipient of their Magnified Giving grant. Carter Flora, a Turpin student and member of the Philanthropy Club, explains the motivation behind their decision. "We chose the Ben Kimble Foundation because it's super local," he said. "It's a nonprofit run by a Turpin family. Ben Kimble would be a senior this year, but unfortunately he took his own life a couple years ago. So the Ben Kimble Foundation is a nonprofit that works to de-stigmatize mental health."

Carter and his classmates received a special surprise when they presented their grant. Tiffany Kimble, Ben Kimble's mother and Co-President of the foundation, shared that the gift from Turpin would be used for an amazing project impacting their own school and peers! Tiffany said, "We are very excited to announce to the Philanthropy Club that our Magnified Giving grant award will be part of our major sponsor donation to the Paving the Way for Possibilities Project at Turpin High School. This project will create 3 spacious, landscaped outdoor environments to benefit not only the Turpin students during the day, but will also provide space for all of the visiting teams and groups who come to our campus to connect and enjoy." Little did these students know that their gift would help create a special outdoor space to support mental wellness in their own school, for their own classmates. What a beautiful ripple effect of their grant-making and dedication!

MIAMI PRINCETON INNOVATION CENTER,
ADVOCATING ON BEHALF OF MINDPEACE

"When we were exploring social causes, healthcare was one that stood out the most. Specifically, mental health support was at the top. The money will be given to MindPeace to help people with mental needs - especially children. Anything we can do to support other peoples' mental health helps support us all as a community. Helping people makes me feel great, and it would be nice to know that people in my community could be benefitting from the services of MindPeace so they can better take care of their mental health."

MITCHELL ST. HENRY DISTRICT HIGH SCHOOL,
ADVOCATING ON BEHALF OF KAREFARM

"Just a couple years ago, we experienced a school-wide loss of one of our students, which was very personal to us, and we just thought it was an amazing thing that KAREfarm does, supporting people dealing with grief."

Mitchell and his classmates volunteer at a fundraising event for KAREfarm.

AIDAN SCHOOL FOR CREATIVE AND PERFORMING ARTS, ADVOCATING
ON BEHALF OF CENTER FOR ADDICTION TREATMENT

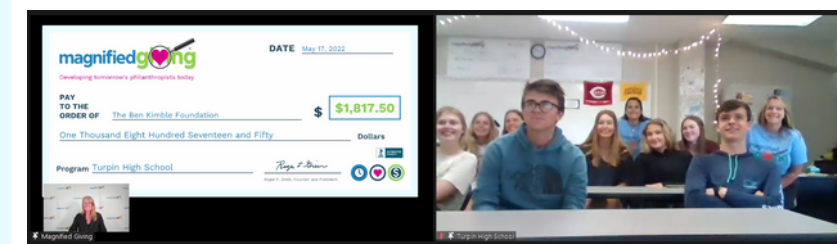

"I have a personal connection to this organization because my dad was an addict and went through the program about 3 years ago, and I think it was a huge part of his recovery. I just think they're really important because they do a lot for the community and they're very helpful."

MIA SCHOOL FOR CREATIVE & PERFORMING ARTS, ADVOCATING ON
BEHALF OF CENTRAL CLINIC BEHAVIORAL HEALTH

"I chose it specifically because it focuses on helping children. That's a really important message to me, because I personally have mental health disorders and I know so many people that have mental health disorders but aren't getting help for it. It just makes me so happy that there is an organization that will help these children for low cost."

The outdoor space created through the Paving the Way for Possibilities Project at Turpin, funded in part by the Ben Kimble Foundation using the grant made to them by the Turpin Philanthropy Club.

The Philanthropy Club was able to grant a total of \$1,817.50, thanks to their dedication to fundraising efforts. Students held a fun dodgeball tournament for the entire school and sold Ben Kimble Foundation t-shirts to raise funds to add to their \$1,000 base grant provided by Magnified Giving.

YOUTH-LED FUNDRAISERS

St. James of White Oak

Granted \$8,375.50 to Yellow Ribbon Support Center

By involving their whole school in a long-term fundraiser and supply drive, students at St. James granted the largest grant in our history - \$8,375.50! They also collected enough supplies to ship 1,000 care packages to deployed soldiers.

St. James students stand proudly with the founder of Yellow Ribbon Support Center, Keith Maupin, after presenting him their grant check for \$8,375.50.

John Paul II Catholic School

Granted \$3,403 to Pets for Patients

Thanks to their efforts to conduct multiple fundraising events, the 7th and 8th graders who participated in Magnified Giving at John Paul II Catholic School were able to grant a hefty \$3,403 grant to their chosen recipient. For one fundraiser, they engaged former Magnified Giving participants and did a JP II Magnified Giving Alumni vs. 8th grade basketball game!

John Paul II's basketball game fundraiser between 8th graders and Magnified Giving alumni was a huge hit!

When youth participate in Magnified Giving, they gain valuable life skills and real-world experiences through the grant-making process. Many youth even learn about fundraising, and they work together to plan their own fundraisers and events! We believe that hands-on activities like the ones demonstrated here pave the way for youth to plan events and support fundraisers early and often throughout their lives.

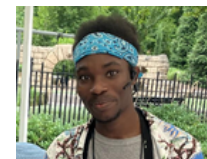

Immaculate Heart of Mary School

Granted \$4,364 to the Ken Anderson Alliance

IHM 8th graders invited their classmates to pay \$2 for the opportunity to hang up their uniforms for the day and come to school in Bengals gear! The Bengal's successful season made the clever fundraiser a way for IHM students to support their hometown team, AND the recipient of the grant was very fitting: the Ken Anderson Alliance, founded by Bengals legend and former quarterback, Ken Anderson!

MEET A MAGNIFIED GIVING ALUMNI

LaDe Richardson

Graduate of Riverview East Academy

Current Student at the Art Academy of Cincinnati

While initially motivated to participate in Magnified Giving because of his instinct to help others, LaDe feels that the experience of engaging with others through service helped build up his courage to speak to people and overcome his shyness in high school. Now, in addition to being a full-time student of Sculpture, Illustration, and Design, LaDe works closely with local nonprofit organizations, including Black Art Speaks, Cincy ARTE, and ArtWorks Cincinnati. He is also pursuing a small business venture of his own. LaDe continues to help others by using his creative passions, talents, and leadership skills to give back to his community. Currently, he leads a student group at the Art Academy of Cincinnati focused on making an impact and giving back to the community, called Social Impact.

OUR PARTNERS

The impact demonstrated in this report is made possible by an abundance of generous individuals, businesses, foundations, and corporations who choose to magnify their gifts by partnering with us to educate the next generation of philanthropists.

2021-2022 PARTICIPATING PROGRAMS AND GRANT RECIPIENTS

Congratulations to all schools, agencies, and groups who completed the Magnified Giving program during the 2021-2022 school year! Below is a list of our participating programs and the nonprofits that youth selected as grant recipients. This year, youth selected 131 unique nonprofits to receive 177 grants totaling \$195,765! This funding will be used to meet needs and promote health and healing throughout our communities.
